

## Keychron Low Profile Banana

Last Update: 12/21/2022

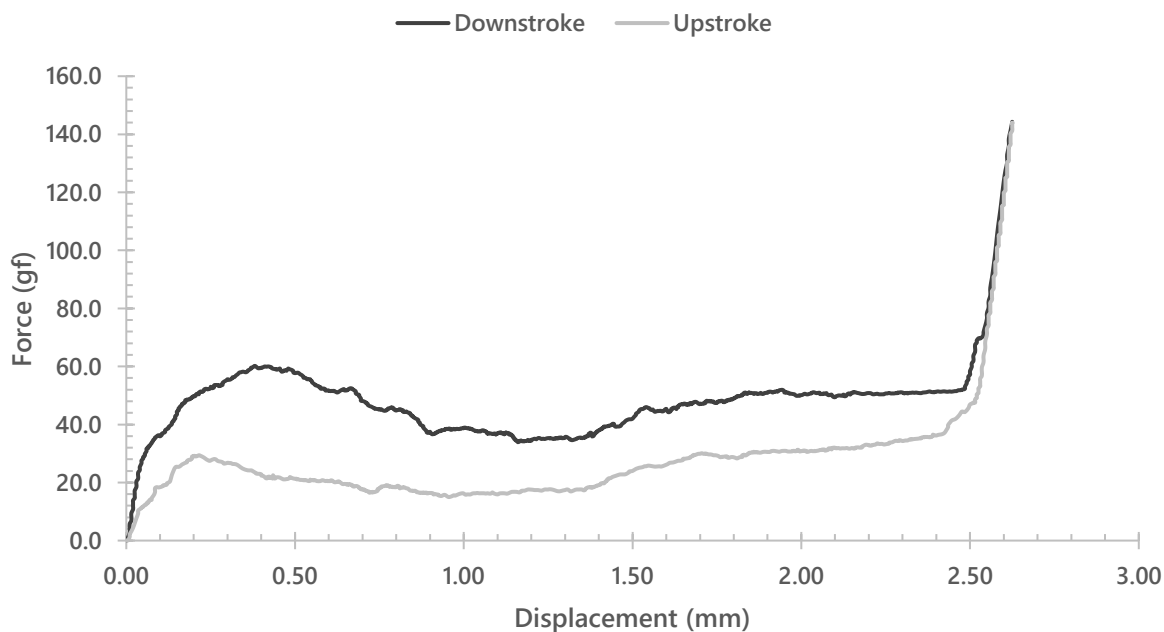

Keychron LP Banana	
Switch Type: Tactile	Unknown
Total Stem Travel	2.485 mm
Peak Force	60.2 gf
Bottom Out Force	52.3 gf
# of Upstroke Points	797
# of Downstroke Points	909

### Testing Notes

- While this is overall significantly more 'wavy' than most tactile switches which I've analyzed previously, I can't say I've measured all that many Low Profiles to know if this is an effect of the size of the profile.
