

Gateron KS9 Pro 2.0 White

Last Update: 07/20/2022

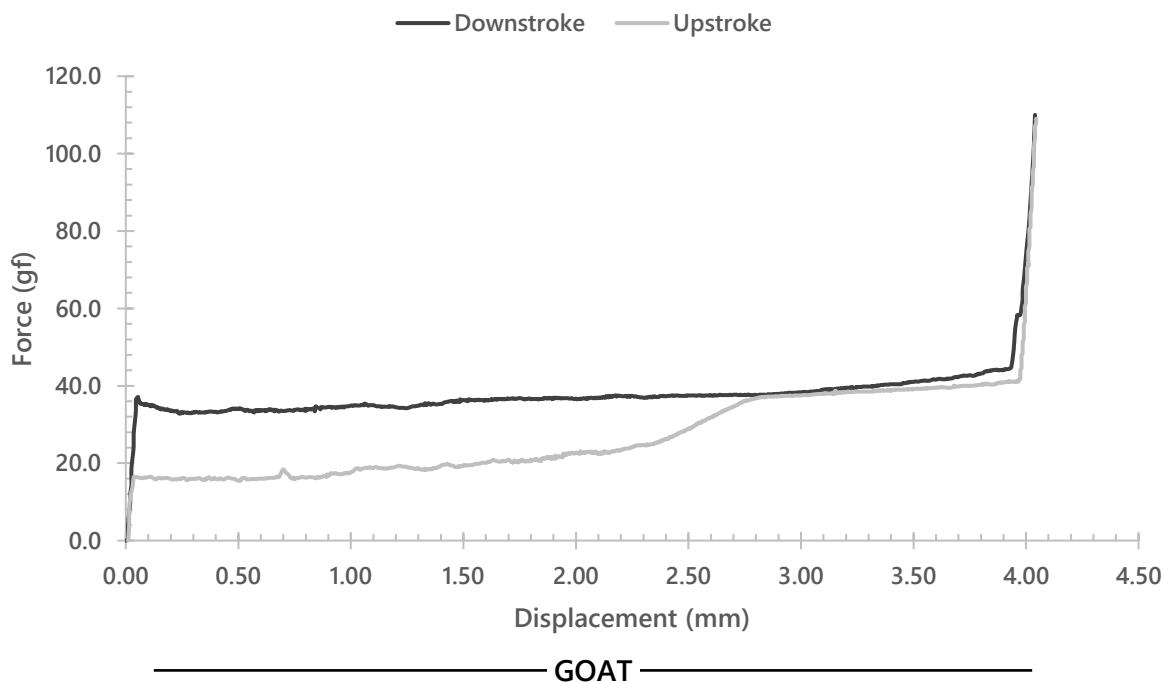

Gateron KS9 Pro 2.0 White	
Switch Type: Linear	Gateron
Total Stem Travel	3.935 mm
Peak Force	44.9 gf
Bottom Out Force	44.9 gf
# of Upstroke Points	1178
# of Downstroke Points	1233

Testing Notes

- While this is a fairly normal looking linear force curve in entirety, the slight peak in force in the upstroke around 0.70 mm is both strange and not something that was felt during testing. This does *not* appear shaped like that of normal artifacts which I remove from curves and thus I've chosen to leave it in.
