

## Akko Blue V2

Last Update: 11/20/2022

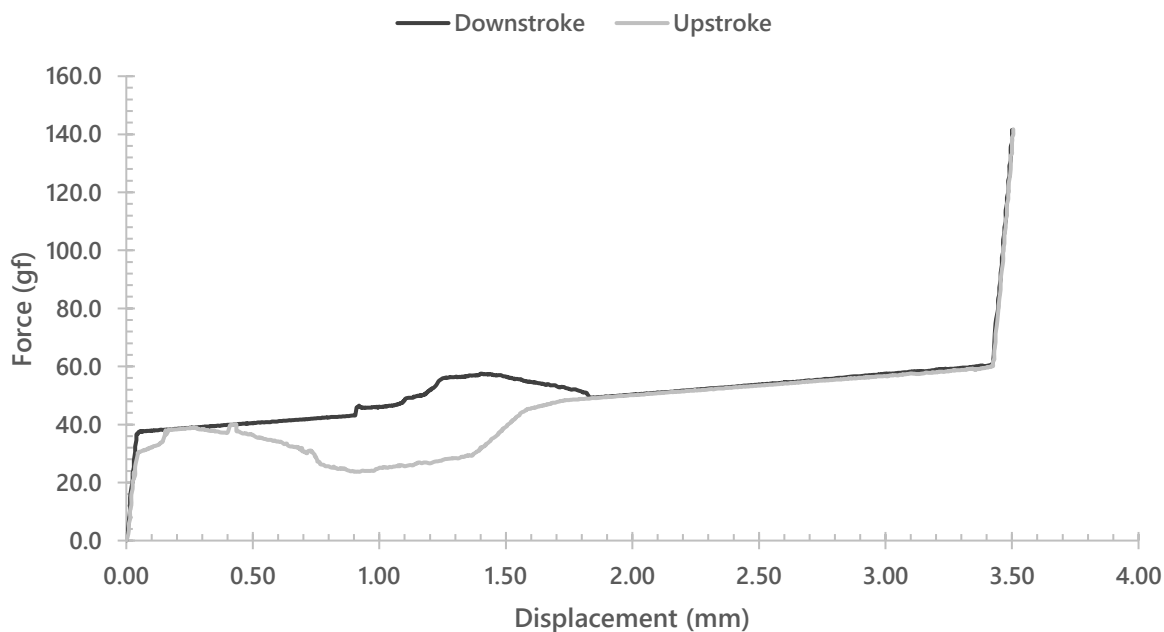

Akko Blue V2	
Switch Type: Clicky	KTT
Total Stem Travel	3.415 mm
Peak Force	57.5 gf
Bottom Out Force	60.5 gf
# of Upstroke Points	995
# of Downstroke Points	1078

### Testing Notes

- With respect to the overall shape of the force curve, this is fairly indicative of what would be expected from a clicky switch, though the end of the upstroke region which is much less clearly defined and more tapers off back to the downstroke values is a bit uncommon to see.
