Last Update: 08/13/2023

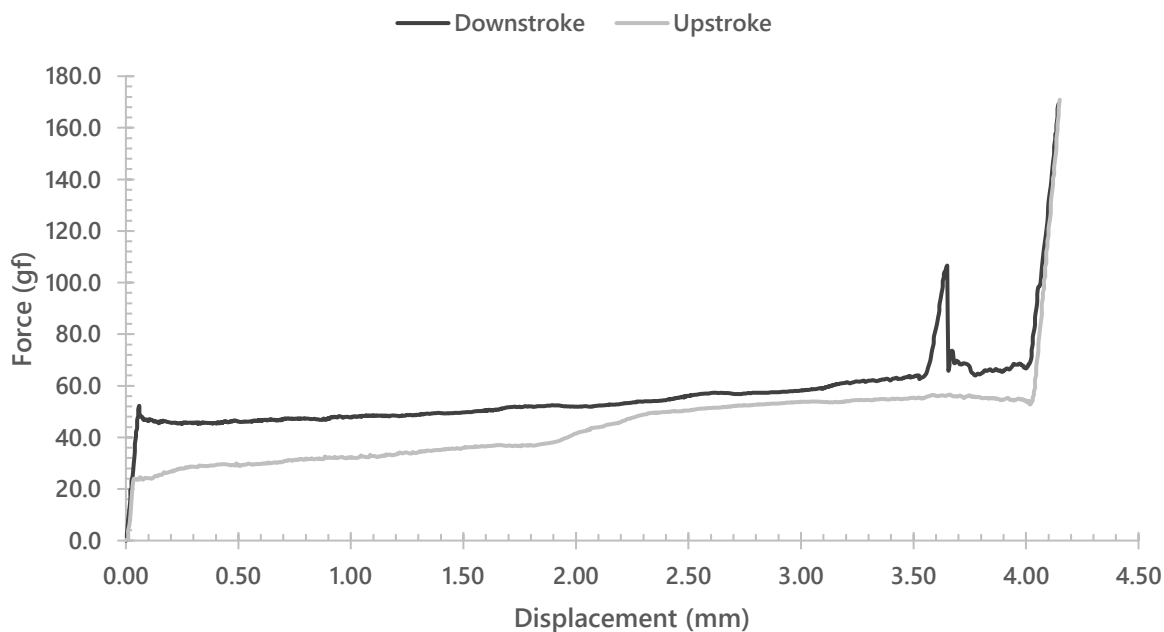

Gateron Cap Ecommerce Anniversary	
Switch Type: Linear	Gateron
Total Stem Travel	4.010 mm
Peak Force	68.2 gf
Bottom Out Force	68.2 gf
# of Upstroke Points	920
# of Downstroke Points	1173

Testing Notes

- I am very confused by the extra peak in force near the bottom out of these switches. In hand I certainly don't feel anything close to this, and it is replicated in the high-resolution curve leading me to believe it's not a sampling error. It's possible this could be a function of the plate I use to hold switches squeezing the sides in during the testing process, but then again, it's hardly different than how they would be used in a normal keyboard.
