

## Firstblood Blue

Last Update: 06/13/2022

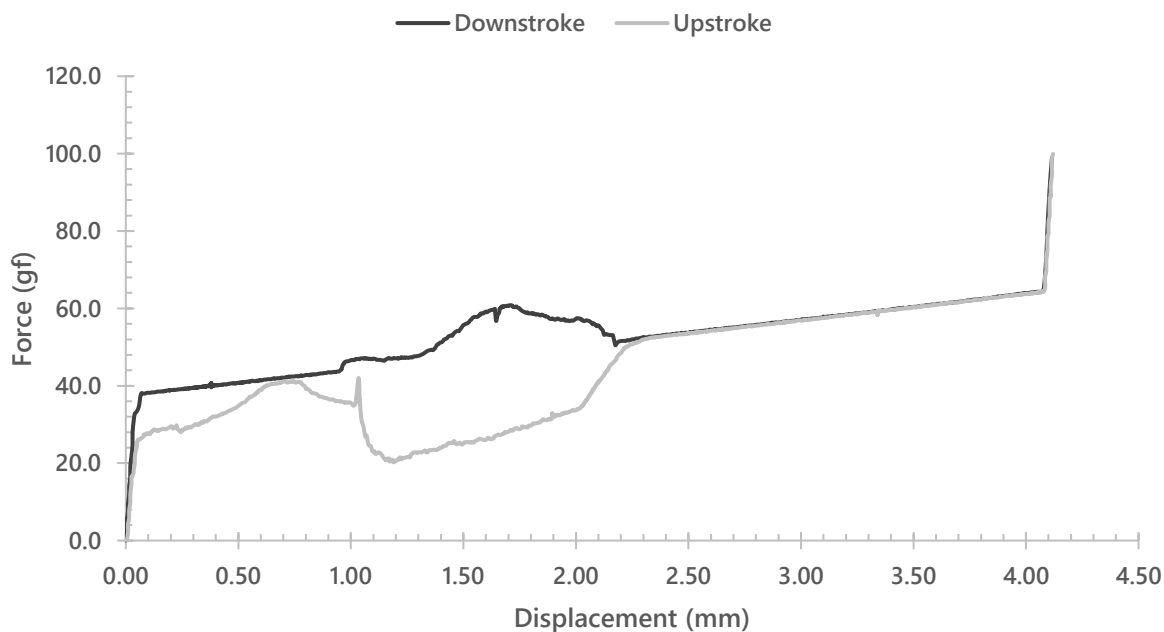

Firstblood Blue	
Switch Type: Clicky	Huano
Total Stem Travel	4.070 mm
Peak Force	60.8 gf
Bottom Out Force	64.3 gf
# of Upstroke Points	1185
# of Downstroke Points	978

### Testing Notes

- Data points 1747-1760 were removed from the upstroke force curve due to clear data artifact that was not actually present in the switch's feeling.
- No, I absolutely agree too – those sharp peaks are in fact very strange. However, they persisted upon retesting this switch so I must assume them to be a function of this switch and not recording error.
