

Clickiez 75g (Linear) Test 2

Last Update: 07/10/2022

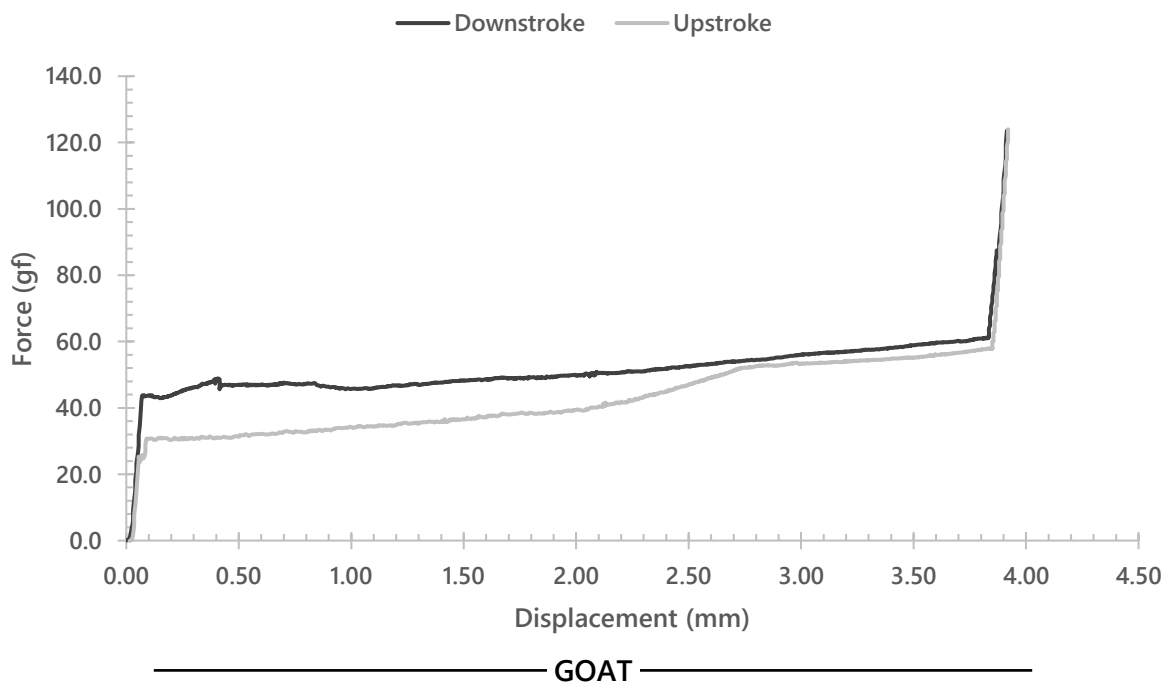

Clickiez 75g	
Switch Type: Linear	Gateron
Total Stem Travel	3.835 mm
Peak Force	61.3 gf
Bottom Out Force	61.3 gf
# of Upstroke Points	1564
# of Downstroke Points	1633

Testing Notes

- Data points 2855-2883 were removed from the upstroke force curve due to clear data artifact that was not actually present in the switch's feeling.
- Interestingly, the 75g Linear Clickiez look much more like normal linear switches than the 40g variants. There is not only not a zero-gram return force at the end of the upstroke, but there is also not a second dip in force at the ending stage of the upstroke unlike the 40g variants.
