

## Clickiez 40g (Tactile) Test 3

Last Update: 07/10/2022

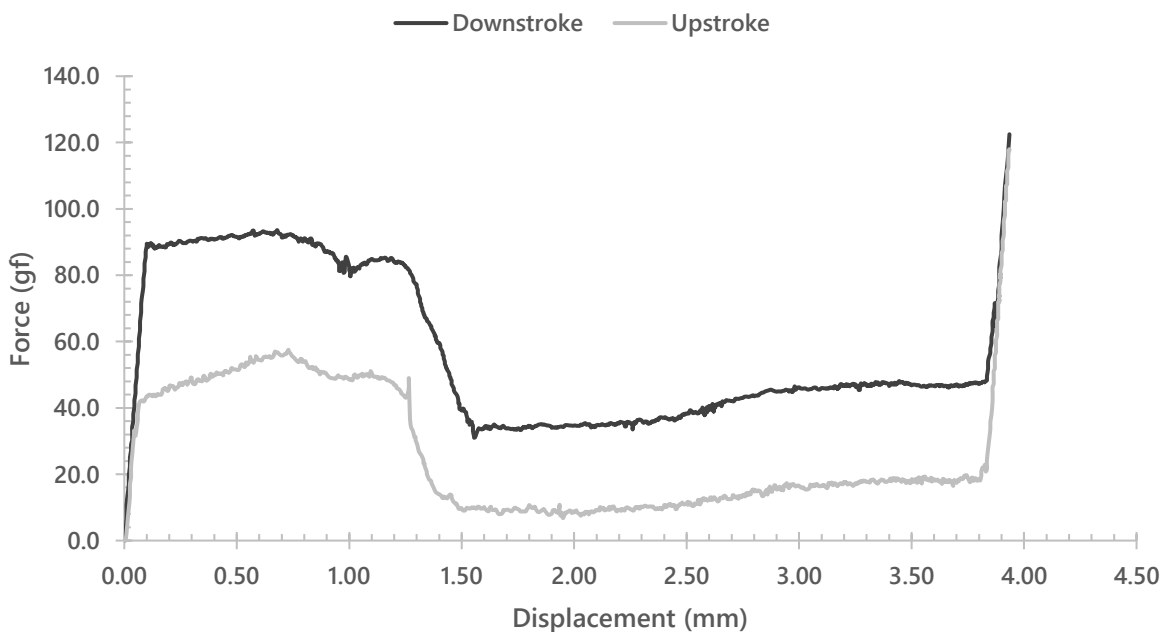

Clickiez 40g	
Switch Type: Tactile	Gateron
Total Stem Travel	3.835 mm
Peak Force	93.6 gf
Bottom Out Force	48.3 gf
# of Upstroke Points	1433
# of Downstroke Points	1420

### Testing Notes

- Data points 2473-2491 were removed from the upstroke force curve due to clear data artifact that was not actually present in the switch's feeling.
- The constant difference in force between up and downstrokes throughout the force curve is rather strange and not something I can recall having seen much, if at all, prior.
