

## Cherry Blossom

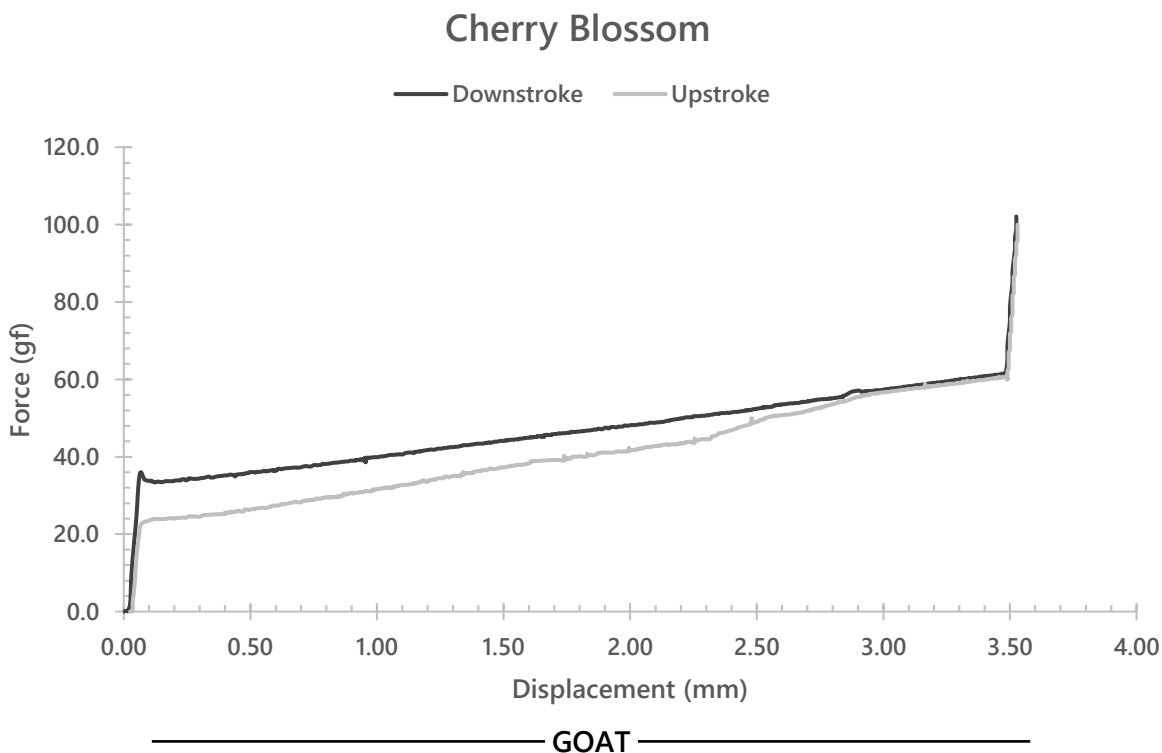

Last Update: 05/31/2022

Cherry Blossom	
Switch Type: Linear	Durock/JWK
Total Stem Travel	3.480 mm
Peak Force	61.5 gf
Bottom Out Force	61.5 gf
# of Upstroke Points	1126
# of Downstroke Points	872

### Testing Notes

- While a fairly normal looking linear switch force curve in general, I am a little bit curious regarding the small upstroke and downstroke bumps around 2.75 mm and 2.50 mm, respectively. These certainly aren't noticeable in the feel of the switch and are not common to many linear switches.
