

## Tecsee Middle Switch Tactile – Test 2

Last Update: 10/15/2023

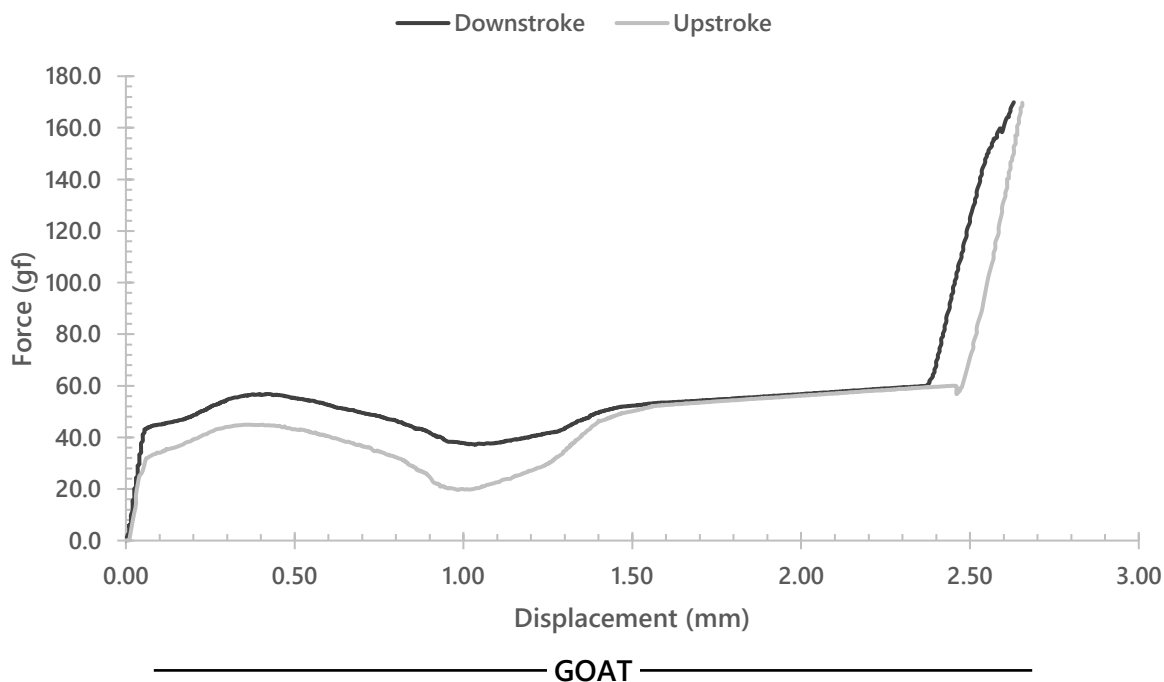

### Tecsee Middle Switch Tactile

<i>Switch Type: Tactile</i>	<i>Tecsee</i>
Total Stem Travel	2.370 mm
Peak Force	56.8 gf
Bottom Out Force	60.0 gf
# of Upstroke Points	783
# of Downstroke Points	990

### Testing Notes

- By all considerations and appearances, a fairly normal tactile force curve with the exception of the separation of upstroke and downstroke curves at bottom out. None of the other force curves from this switch display this as clearly as this one, leading me to believe this is a switch-by-switch issue and not something indicative of the average Tecsee Middle Switch Tactile performance.
