

Invokeys Blueberry Chiffon HDPE Prototype R1

Last Update: 08/21/2022

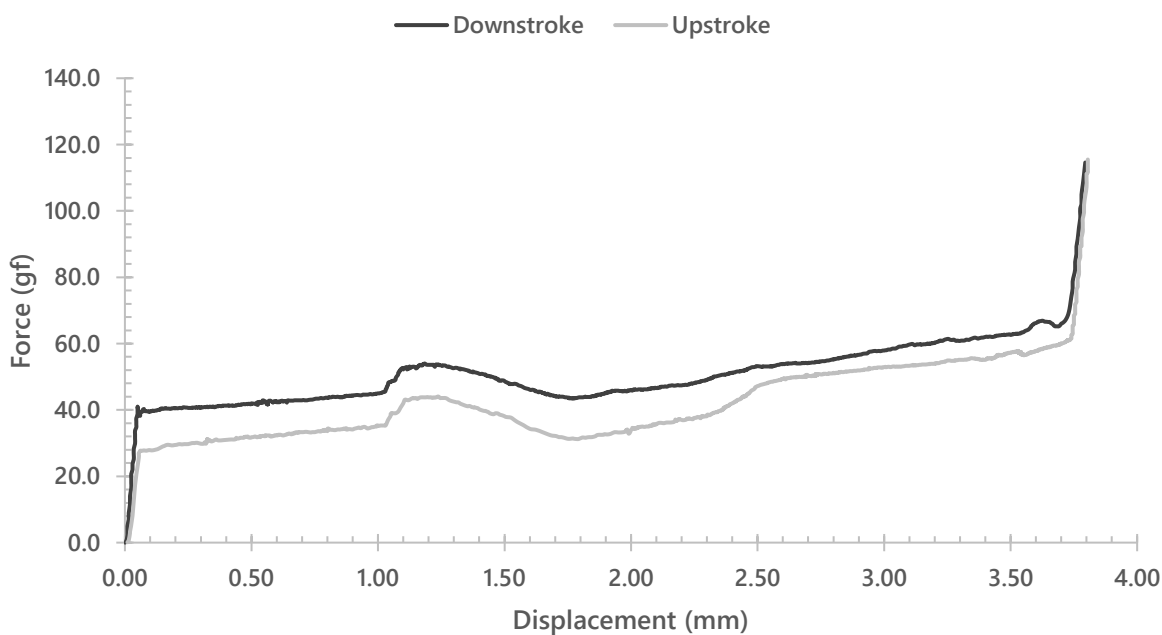

Blueberry Chiffon HDPE Proto R1	
Switch Type: Tactile	Aflion
Total Stem Travel	3.710 mm
Peak Force	54.0 gf
Bottom Out Force	66.5 gf
# of Upstroke Points	1170
# of Downstroke Points	1162

Testing Notes

- Data points 2055-2087 were removed from the upstroke force curve due to clear data artifact that was not actually present in the switch's feeling.
- Clearly intentionally by design, the placement of the tactile bump of the Chiffon prototypes at 1 mm into the downstroke is significantly later in the stroke than most tactile switches released around the same time.
