

All Clack

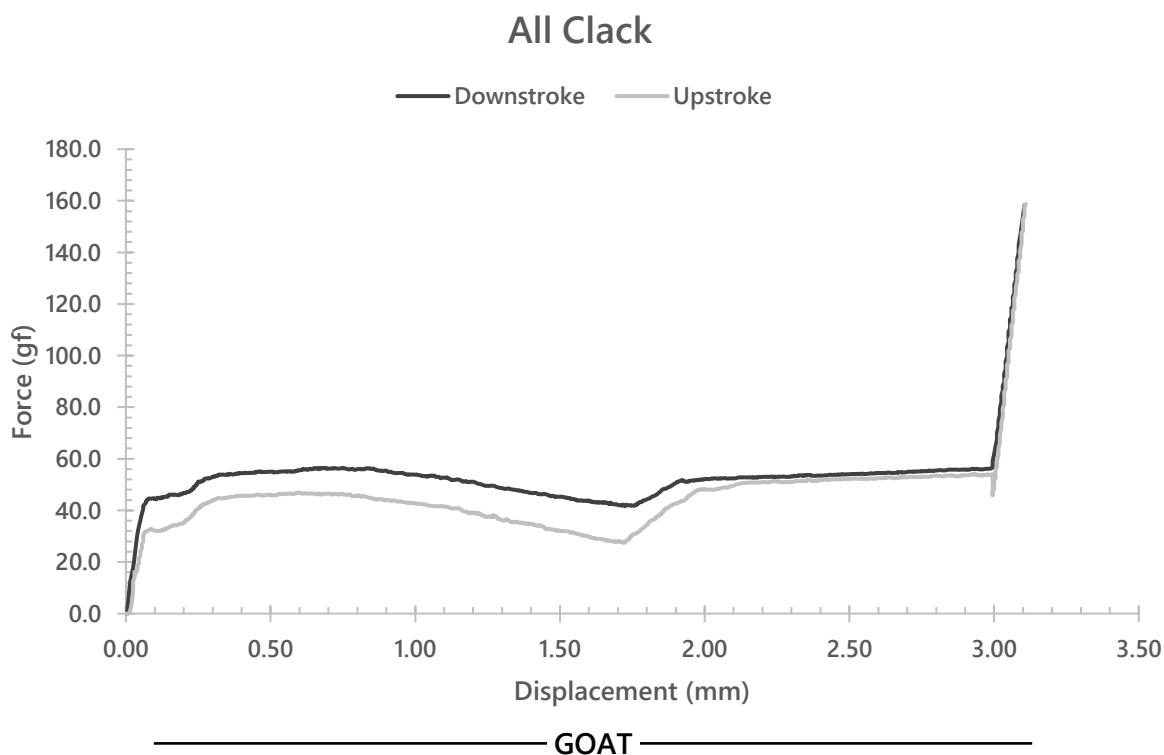

Last Update: 03/08/2023

All Clack	
Switch Type: Tactile	Tecsee
Total Stem Travel	2.990 mm
Peak Force	56.4 gf
Bottom Out Force	56.3 gf
# of Upstroke Points	957
# of Downstroke Points	980

Testing Notes

- While the vast majority of this appears like a normal, stock tactile switch force curve, the dip in force at the beginning of the upstroke is a result of these having the springs aftermarket lubricated. I couldn't get ahold of stock ones for the collection.
