Last Update: 06/12/2022

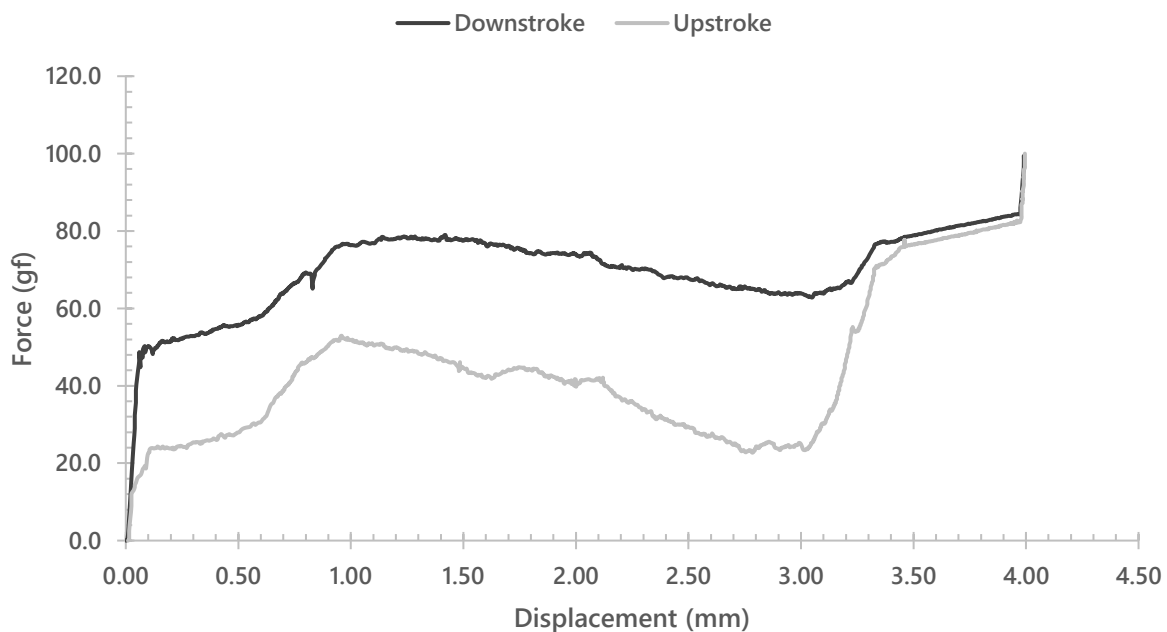

## Novelkeys Cream Tactile

Switch Type: Tactile	Kailh
Total Stem Travel	3.975 mm
Peak Force	78.6 gf
Bottom Out Force	84.4 gf
# of Upstroke Points	1408
# of Downstroke Points	1304

### Testing Notes

- Data points 2462-2472 were removed from the upstroke force curve due to clear data artifact that was not actually present in the switch's feeling.
- Both the downstroke and the upstroke of the Novelkeys Cream Tactile is extremely more noisy than other force curves, regardless of what type of switch they are. This is not a sampling artifact, either, as I repeated this trial in order to verify it wasn't such.
