

Akko CS Starfish

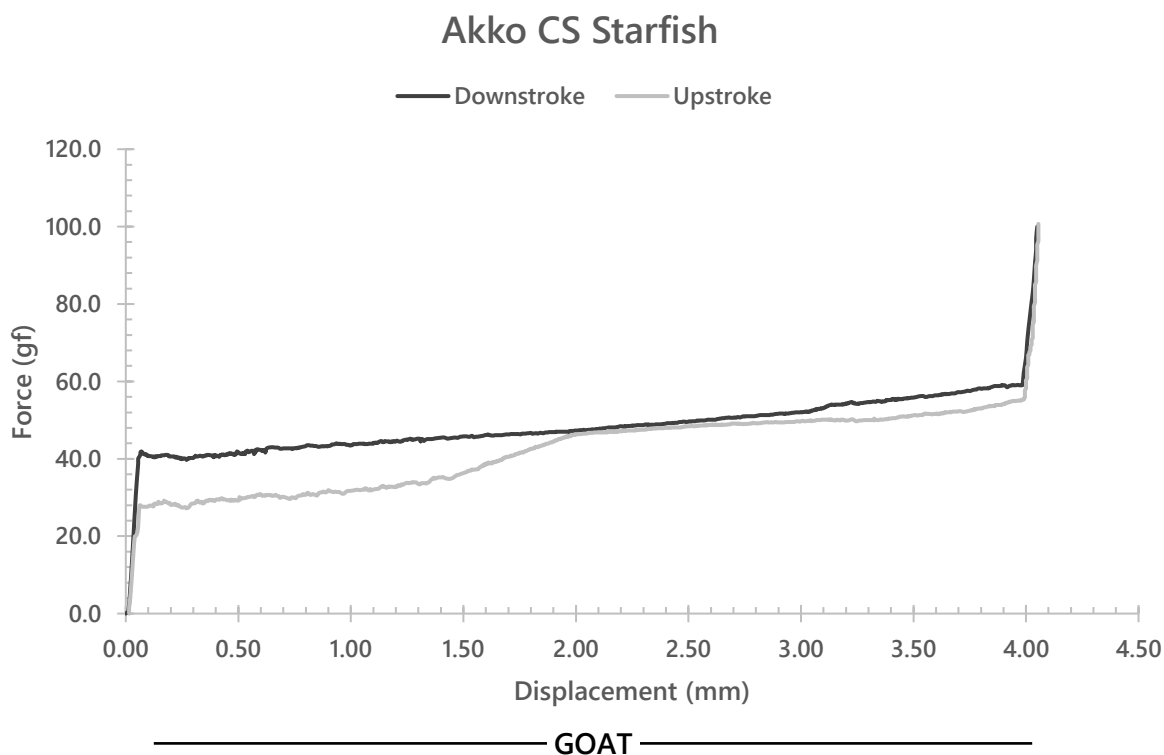

Last Update: 06/13/2022

Akko CS Starfish	
Switch Type: Linear	KTT
Total Stem Travel	3.985 mm
Peak Force	59.1 gf
Bottom Out Force	59.1 gf
# of Upstroke Points	1119
# of Downstroke Points	1048

Testing Notes

- Data points 1462-1481 were removed from the upstroke force curve due to clear data artifact that was not actually present in the switch's feeling.
- The broad separation between upstroke and downstroke force between 3.00 and 4.00 mm is both not something seen in other Akko switches and is also strange.
